

CLINIC ON GAIT WORK & CONFORMATION WITH JUSTUS CARTER & BEVERLY LAMB

October 3-4

Novak Equine Center, Brainerd MN

Between the two of these expert clinicians, they have over 30 years of training experience with multiple world championships and 10 World Grand Championships combined, both in-hand and under saddle. They have both started a lot of young horses for show and trail and are avid trail riders themselves.

Clinic topics will include:

- Confirmation, Halter, Model, Gaits, Adjusting the gaits, Biting and headset, Rounding, Working on gait on the lunge line

The clinic will also include one-on-one with each horse and working with the individual riders' goals and there will be time for questions and requests.

Here is your chance to attend a great clinic packed with ideas for any gaited horse owner!

- The Clinic will begin with ground work on Form to Function. How conformation affects gait, how Conformation affects in-hand classes.
- Instruction on showing in Model and Halter.
- Working the gait on the lunge line.
- Getting the horse to give to the bit from the ground.
- Work on headset and rounding.

- Each participant is strongly encouraged to submit a question or problem ahead of time, that you would like to have help with.
 - Next, each participant will work individually with the clinicians approximately ½ hr increments. Questions or requests are encouraged.
 - The second day the participant may advance with the same horse, or begin with a second horse.
-
